

CALL FOR PAPER

2022 IEEE 9th International Conference on Photonics

8th - 10th August 2022, Virtual Conference

IEEE Photonics Society Malaysia Chapter is proud to announce its flagship conference for the year, 2022 IEEE 9th International Conference on Photonics (ICP2022). The ICP2022 (Conference ID: #53600) will be held virtually from 8th to 10th August 2022. Accepted and presented papers will be submitted for inclusion in IEEE Xplore Digital Library. IEEE does not guarantee that submitted papers will be included in any Abstracting and Indexing (A&I) databases as such inclusion is determined by the respective A&I service providers. Please visit our website for more information.

Conference website: <http://icp2022.photonicssociety.org.my/>

LIGHT CONNECTING THE WORLD

Authors are invited to submit the original, unpublished papers from all aspects of photonics including, but not limited to the following technical areas:

- Biophotonics
- Display and lighting
- Free-space optics
- High power source
- Laser machining
- Microwave photonics
- Nanophotonics & Plasmonics
- Non-linear & ultrafast optics
- Optical communication
- Optical fiber technology
- Optical imaging
- Optical interconnects
- Optical MEMS/NEMS
- Optical networks & systems
- Optical sensors
- Photodetectors
- Photonic devices
- Photonic integration & packaging
- Photonic materials/ metamaterials
- Quantum technologies
- Semiconductor lasers

Paper submission: <https://edas.info/N28775>

Important Dates

Full Paper Submission	: 6 th Feb 2022
Notice of Acceptance	: 9 th Apr 2022
Full Paper Camera Ready Due	: 5 th Jun 2022

Fees

Type of participants	Local (RM)	International (USD)
IEEE Members	700	175
Non-IEEE Members	800	200
IEEE Student Members	500	125
Non-IEEE Students	600	150

Best regards,
Siti Barirah Ahmad Anas
General Chair of ICP2022
